

Radio Research

Dr Rosemary Day, Dept of Media Studies

This presentation will briefly describe the work of the Radio Research Centre, 2005-2011.

It will outline the aims of the centre and detail the scope of the work carried out by those affiliated to it to date. It will focus primarily on projects that have been funded externally, including work commissioned by the Broadcasting Authority of Ireland, the EU and Craol.

The presentation will showcase the variety of outputs that the centre has produced over this time, including the publication of books, handbooks, research reports, website creation, the organisation of an international conference and the establishment of national and international research networks.
