

SCoTENS Seed Funding Applications 2015-2016

In line with its objective of providing a supportive framework for collaborative research and professional activities in teacher education in Northern Ireland and the Republic of Ireland, the Standing Conference on Teacher Education North and South (SCoTENS) provides 'SEED FUNDING' for projects such as research, conferences and exchanges which further this objective.

We are delighted to announce that the SCoTENS Seed Funding Call for 2015-2016 has now opened. Please [click here](#) to download an application form.

As the funding is for a **collaborative** project, a minimum of 2 partners is required, with at least one of the partners coming from each jurisdiction, north and south. The application has to be for a joint project to secure funding.

SCoTENS will assist any SCoTENS members that are seeking a partner from the other jurisdiction through our matching service. There is more information available on the matching service [here](#).

Please note that all queries and applications should be sent to Ruth Taillon, Secretary, SCoTENS at the Centre for Cross Border Studies at r.taillon@qub.ac.uk or on [028 3751 1550](tel:02837511550) (048 from the South).

The closing date for this round of applications is [13th February 2015](#). Only applications submitted by this date will be considered.
